# Trillium

One Trillium Center • Cashiers, NC 28717 • 888.464.3800 • [www.trilliumnc.com](http://www.trilliumnc.com)

Established in 1996, Trillium Links and Village offers the best of mountain, lake and golf living. Where *life* is about people and the style is about being neighborly, Trillium is that place you return to when it's time to reconnect, to feel like yourself again, to feel like you're among friends. With more amenities and lake activities than any other club in the Cashiers/Highlands area, Trillium homeowners have plenty of opportunities to experience an action-packed lifestyle.

The spectacular natural beauty that characterizes Trillium's sophisticated golf course reminds us of why we play "The Old Game" in the first place. Inspired by the panoramic view of the Blue Ridge Mountains, course designer and PGA Senior Tour Player Morris Hatafsky created an award-winning 18-hole championship course that meanders through mountain laurels and indigenous hardwoods, as the dramatic elevation changes bring fresh challenges at every hole. With Trillium's unique Garden Golf course, lessons, clinics

and fully equipped pro shop, avid golfers will find everything they need for a full day of fun on the links.

With access to 26 miles of secluded shoreline, Trillium members can also enjoy memorable days of fun and relaxation on Lake Glenville, the highest lake East of the Mississippi. The dramatic contrasts of Blue Ridge Mountains soaring to breathtaking heights above a sparkling expanse of water that plunges to depths of 100 feet make Lake Glenville a true mountain paradise. Rent a boat and cruise from one of Trillium's docks to discover cascading waterfalls. Hike or boat to sandy banks that line the shores, beckoning you stop for some relaxing sunning and swimming. Waterskiers will revel in thrills of gliding over clear, deep mountain waters, and fishing enthusiasts will enjoy the bounty of small and large-mouth bass, walleye, trout and bream.

To experience all that Trillium has to offer, call today to take advantage of their VIP Discovery Package.
